Convention and Annual Meeting:

IN THIS issue will be found the complete detailed programme of the Easter Convention and Annual Meeting of the B. C. Teachers' Federation. The general opinion throughout the Province is that the programme is the best that we have had in our history, and great interest and enthusiasm have been aroused in consequence. Indications are that we shall have a record attendance. There has been a splendid response from interior and Vancouver Island teachers, and there is abundant evidence to show that the lower mainland teachers will have a very large representation at the various meetings.

We wish, once again, to ask all Local Associations to be sure that they have a full number of delegates at the Annual Meeting, and we would remind all members that we are anxious for everyone to be present, for the meeting is not confined to delegates alone.

Membership List—Important Statement:

At the last Annual General Meeting of the Federation a resolution was passed requesting that the names of the Federation members be published. This has now been done, as will be seen from this issue. Obviously, the printing of such names takes a large space of the magazine, but the general opinion prevailed that it was desirable to have some source of information concerning the personnel of our membership.

In connection with the list, the following points should be remembered:

1. The paid-up membership contains only the names of members whose fees **have reached the Federation Office** by April 11th, 1930..

2. There are doubtless other paid-up members whose fees are in the mail, or in the hands of Local Treasurers, or staff representatives. **We would particularly ask all such members not to worry over the temporary omission of their names from our list.** Their fees will doubtless be in the Federation Office at an early date, and it is our intention to publish a supplementary list each month until the end of the year, giving the names of those whose fees are received during that month.

   The supplementary list printed in this issue includes the names of these whose fees were received by us after the alphabetical list had been set up.

3. The "enrolled" member list contains the names of those teachers who signed an enrolment form definitely pledging membership for the present year ending June 30th, 1930, but whose fees have not yet reached the Federation Office. **Again, may we remind everyone that some of those so listed may have paid their fee to a Local Treasurer already.** In this case, as already indicated, their transfer to the paid-up membership will be published in the next number of the magazine.

   If fees have not been paid, we should appreciate an early payment, as we are anxious to complete our records in good time.

4. We would ask every member to keep in mind the difficulty which is always bound to arise in giving our exact membership previous to the close of the Federation year.

   Of necessity, fees must be paid to and through Local Associations. This is a part of our Constitution. Again, in large Associations, such as Vancouver, the High School Teachers of the Lower Mainland, etc., it is almost essential that fees should be paid to the Local Treasurer through a staff representative.

   It is obviously impossible to expect that every single fee paid to a staff representative should be **immediately** sent to the Local Treasurer, or that a fee received by a Local Treasurer should be **immediately** forwarded to the Federation Office.

   There is, therefore, bound to be, at any time, a few teachers who (while fully paid-up and holding an official receipt for their Federation fee) are not so recorded at the Federation Office. This situation is only temporary, and easily rights itself when remittances from Local Treasurers reach the Federation Office.

   We give this explanation in the hope that teachers will not be worried or annoyed if circumstances so arise that they are not listed as paid-up members.

Group Insurance:

The Federation Group Insurance Plan is making satisfactory headway.

The Principals and Vice-Principals of Vancouver have reached the required percentage (75%) and are now covered by the insurance.

The male teachers of Vancouver are also approaching the required percentage and will be covered as soon as their quota is reached.

Next, the male teachers of the whole Province will be covered, if the necessary applications are received.

And, finally, the lady teachers will be included if they show, by application, that the requisite number desire to participate.

Note:—In view of the large amount of work involved, the date for receiving applications has been extended to May 1st, 1930.

Please forward application forms at earliest possible date.

Important Announcement:

Excellent addition to Convention Programme.

Model Assembly League of Nations.

By special arrangement the Federation has arranged to present a repetition of a remarkable school project put on by the students of the Modern History Club of the Victoria High School, assisted by students from the Vancouver High Schools. (Particulars are given on pages 19 and 20 of this magazine).

As this will prove a costly undertaking, we have to charge an admission of fifty cents for the Assembly alone (or one dollar for the combined Assembly and Dance which will follow).

As surplus tickets will be available to the general public, we should be glad if all teachers who desire tickets will make eary application to the Federation Office for reservation of tickets.

Important Convention Notices

1. **Every person attending the Convention is required to fill in the registration form.**

2. **By unanimous decision of the Annual Meeting of last year, a registration fee of Two Dollars will be charged to all members of the B. C. Teachers' Federation attending, and of Three Dollars to all teachers who are not members of the Federation.**

   Note: Federation members also contribute to the Convention Funds through the Federation fee, part of which is used to defray Convention expenses.

   "Federation members" here includes:

   (a) Those who have paid fees for the period, July 1st, 1929, to June 30th, 1930, or for any period thereof.

3. **Transportation Refund:**
   By unanimous resolution of the Annual General Meeting, all members of the Federation (as defined below) registering at the Convention will receive a refund of the amount of single fare to Vancouver.

   Reduced Convention rates will enable all to purchase return tickets for half single fare upon presentation of validated standard certificates. Purchase **single one-way ticket to Vancouver,** and **ask for standard certificate form** from the ticket agent.

   Note: This refund applies only to:

   Federation members who have paid the full fee for the period July 1st, 1929, to June 30th, 1930, or to such portion of that period as they have been teaching, in the case of new appointments.

   By means of the registration fee and the guaranteeing of refund of single fare, the Federation is making an earnest effort to adopt a system as fair to all members as is practically possible. It should be remembered that, under this plan, members coming from distant points will still be called upon to bear individually the expense of half single fare, berths, meals, and hotel expenses, while those in the Convention district have no such costs to meet.

4. **Those desiring refunds must fill in the Transportation Form immediately upon arrival.**

   (No forms will be accepted after 10 a.m., Wednesday, April 23rd).

   They must also attend at the announced time for payment and must have attended more than half of the sessions of the Convention and the Annual Meeting. Those failing to observe these rules will have no claim upon the fund.

5. **Standard Certificates** should be handed in to Miss N. M. McKillican at the Standard Certificate Room (W. 102) at the High School immediately upon arrival in order that they may be validated.

6. **Validated Standard Certificates** should be obtained from Miss N. M. McKillican at the Standard Certificate Room (W. 102) after 4:00 p.m., Wednesday afternoon, April 23rd.

7. **Validated Certificates** should be presented at the booking offices of the transportation companies at least **thirty minutes before time of departure of train or boat,** when a return ticket will be issued for half single fare.

8. **Note: The Annual Meeting of the Federation, on Thursday, April 24th, is a most important part of the Convention.**

   It is not merely a delegates' meeting. Every teacher in British Columbia is welcome, and all Federation members are particularly urged to be present this year, as we desire a record attendance, and a real business-like meeting.

   Voting is restricted to official delegates, and all Associations are urged to have a full quota present.

Programme of Model Assembly
Introduction

1. Mr. Ira Dilworth, Principal of Victoria High School.
2. Professor F. H. Soward, University of British Columbia.

Agenda of the Model Assembly

1. Opening Speech.
   The President of the Council; Cyril Chave for Lloyd Paterson.
   The President of the Council presides over the opening of the Assembly session until this body chooses its President. Preceding this, the President of the Council reviews the activities of the League during the past year.

2. Report of the Committee on Credentials; Walter Kitley.
   The committee reports the number of members of the League which have sent delegates with properly certified credentials.

3. Election of the President of the Tenth Assembly.
   This honour is customarily conferred on a representative of one of the smaller states of the League. This year the country named was Salvador.

   Introduced by a member of the Secretariat; Robert Ferguson.

4. Presidential Address; Alexander Marling.

5. Nations Sign the Optional Clause.

The most hopeful achievement of the League has been the establishment at the Hague of a Permanent Court of International Justice. A body of skilled jurists judge disputes between nations according to the canons of international law. The optional clause provides that signatory states bind themselves to accept the jurisdiction of the World Court in all legal disputes. One of the most dramatic features of the last Assembly was the signing of this clause by fifteen nations.

Introduced by a member of the Secretariat; Walter Kitley..
The nations signing were:

1. GREAT BRITAIN.....Kenneth Ross
2. INDIA.....Richard Martin
3. CANADA.....John Merritt
4. ITALY.....Ida Maggiora

FINLAND.....Harold Haikala
CHINA.....Norman Li

11. A Resolution re an amendment of the Covenant to bring it into conformity with the Kellogg Pact.

The Covenant (1919) declared war to be sometimes lawful. The Kellogg Pact (1928) declared it to be always unlawful. The aim of this resolution, suggested by the British Delegation, is to harmonize these two documents signed by practically the same collection of nations.

Introduced by Mr. Arthur Henderson; William Leahy.
Supported by Ramsay Maconald; Kenneth Ross.

The B.A. Course for Teachers

WHAT does the future have in store for the people who plan to make teaching a profession? There is no doubt that, unless they raise their academic standing, they will find their positions threatened by the more recent arrivals in the profession.

By extra-mural and summer school study, Queen's University has been helping many men and women teachers to higher qualifications. In the long list of graduates throughout Canada may be found former extra-mural students who are now in the very front rank of the teaching profession.

Registration for extra-mural work may be made before April 10th for the summer or September 10th for the winter. The summer school is held for seven weeks during July and August. Kingston is one of the finest summer resorts of Eastern Canada, and students find it an ideal place for summer study. For further information and for a copy of "Queen's in Pictures," write to A. H. CARR, B.A., Director, Department of Extension, Queen's University, Kingston, Ontario.

THE BOOK EVERY TEACHER OF ENGLISH
SHOULD HAVE!

IN THE SERVICE OF YOUTH

By JOHN B. OPDYCKE

HELPFUL. ORIGINAL. PRACTICAL

THIS remarkable work is a masterpiece of comprehensive and original teaching of the English language. It is one from which teachers and parents can derive tremendous benefit. It radiates inspiration, and the usual topics in English teaching are treated from new and aggressive angles, with a great wealth of definite suggestions as to method, materials and viewpoint; its ingenuity is endless.

No teacher can afford to overlook this splendid book. Mr. Opdycke has, in writing it, subordinated material gathered from an infinity of sources to his own conception of the duty and office of a good teacher, which is simply to study his pupils, not in defined mental classes, but as individuals, to ascertain and appreciate the intellectual capacity of every boy or girl under his tuition.

The book is divided into five parts and an appendices, each part covering a different phase of English, in the following manner:

Part One: Personal Phases. **Part Three: Cultural Phases.**
Part Two: Craftsmanship Phases. **Part Four: Social Phases.**
Part Five: Technical Phases.

Outline of thirty period courses in junior and senior high school English, Literature and Composition, and Outline of a course of thirty periods in literary appreciation through class room readings.

A few of the salient features of the book that are sure to be welcomed are:

How to get the greatest enjoyment out of literature.

How to eliminate drudgery that stunts the soul in the matter of composition correction.

How to set examination questions logically, constructively, and engagingly.

How to criticize recitation fairly and co-operatively.

Price, $3.50

Other highly commended works published by Pitman are: "Exercises in Everyday English for Canadians," by Caughlin; "Dictionary of Correct English"; "Business Letter Practice"; "Commerce and Correspondence."
