

DEAR COLLEAGUES

The BCTF is proud to offer a wide range of workshops, programs, and services for members. This handbook provides you with information about many opportunities to enhance professional practice, develop leadership skills, learn together with colleagues, and advocate for students.

BCTF services draw on the skills and expertise of members, and are designed to meet teachers' needs. Recognizing the value of teachers teaching teachers, your Federation develops programs that provide quality support and open the door to member involvement and leadership.

On behalf of the BCTF, I'd encourage all members to take advantage of these services and participate in sharing your perspectives and skills with your colleagues. Your Federation is eager to hear from you, to learn from your feedback, and to hear your suggestions for improvement.

Thank you.

Yours truly,

Susan Lambert
President
